

A message from the I/I Co-Chairmen:

Another exciting year of Interscholastic/Intercollegiate polo is getting underway. We look forward to working with the many players, coaches, volunteers and staff who make this the wonderful program that it is.

The I/I Review Sub-Committees, appointed last year, worked again this summer to further refine our Tournament Conditions and I/I Organization. The results of their efforts were accepted by the USPA Board of Governors at the October 2009 USPA meetings and reflected in this packet. Please take some time to review all of the contained information. We would like to thank the coaches and volunteers who served on these sub-committees for giving considerable time and effort to make the process work. Volunteers are also instrumental in the conduction of the tournaments and we encourage students to take a moment to thank them.

We would like to recognize the tremendous support the I/I Program is receiving from the USPA Chairman, Executive Committee, and the Board of Governors. They are all truly dedicated to making the I/I Program a showcase to the polo world. Also, the Polo Training Foundation after many years of financial support to our program continues to support it by sponsoring the year-end awards for our Players of the Year.

Finally, welcome to the 2009-2010 tournament season! It is a time for competition and rivalry but also a time for friendships, camaraderie and sportsmanship. May the horses play well and may the players enjoy this great sport of polo!

Good luck to all!
