

POLO HELMET UPDATE

Beginning **MAY 1, 2021** all **PLAYERS** in any USPA Event or Club Event will be **REQUIRED** to wear a helmet that passes the NOCSAE ND050 Polo Helmet Standard Performance Specification.

***NOT REQUIRED FOR GROOMS**

HOW TO TELL IF A HELMET PASSES NOCSAE ND050

Helmet will have the SEI/NOCSAE Logo attached to the outside of the helmet.

*** DO NOT REMOVE THIS LOGO**

WHICH HELMETS PASS?

Check the USPA website for an updated list of helmets on the market that meet the standard

WHEN ARE YOU REQUIRED TO WEAR ONE

USPA Event- Any USPA National, Circuit or Sanctioned Tournament or League including but not limited to any I/I or NYTS Event.

Club Event- Any club-level game, league or tournament that is not a USPA National, Circuit or Sanctioned Event.

CAN YOU USE A FACEMASK?

Yes, eye protection, such as a facemask must be deemed as an “authorized accessory” by the helmet manufacturer. If the facemask is an “authorized accessory” then it does not void the certification. However, if the end user applies a facemask that is not the helmet manufacturer’s “authorized accessory,” then the NOCSAE/SEI Certification would be void.

QUESTIONS?

USPA Membership and Handicap Director Lindsay Dolan (ldolan@uspolo.org)

Members are advised to allow sufficient time for delivery of any NOCSAE helmet. Please check with vendors regarding availability.
